OCPJP Certification

Oracle Certification

Introduction:

OCPJP Training Program is an overall preparation program for Oracle Certification for Java Professional. Course as per the exams is divided in two parts, where first part of the program covers the OCAJP (Oracle Certified Associate Java Programmer) and second part covers the OCPJP(Oracle Certified Professional Java Programmer) content. After completion of a single module we conduct an Assessment to check the flexibility of the trainee on the topic and after completion of every 3 modules we conduct a mock test as per the norms of Oracle Certification. In addition we provide free 20 hours of Interview Training for those willing to join a company after the certifications.
